BIOCHEMISTRY

CLINICAL CHEMISTRY ANALYSERS — SEMI TO FULLY AUTOMATED

From compact semi-automated benches to full random-access, ISE-ready systems —
we match the machine to your lab's actual daily volume, then back it with genuine chemistry
reagents and an engineer on call in Gujarat.

BIOCHEMISTRY — SEMI-AUTOMATED ANALYSERS

COMPACT · FLEXIBLE · COST-EFFECTIVE

DiaSys Photometer 5010

Semi-Automated Biochemistry Analyzer

- High-quality Hellma optics — accuracy your reports won't be questioned on
- German-made reliability at a semi-auto price point

DiaSys Photometer 505

Semi-Automated Biochemistry Analyzer

- LED optics with long lifetime — low running cost, low downtime
- High precision from efficient design and premium optics

DiaSys SYS 480

Semi-Automated Chemistry Analyzer

- Compact benchtop footprint fits any small lab
- Reliable photometric testing your clients can depend on
- Flexible reagent positions for a broad test menu

AutoLab amaze

Semi-Automated Chemistry Analyzer

- Dual mode (Flowcell & Cuvette) — flexibility built in
- No SMPS, external power adaptor — simpler servicing, fewer breakdowns

AutoLab Accord

New-Generation Semi-Automated Biochemistry & Coagulation Analyzer

- Real-time reaction curve gives your techs full visibility
- 7" TFT LCD touchscreen — modern feel at a semi-auto price
- On-board incubator — one machine covers biochemistry & coagulation

AutoLab Versa

Redefined Semi-Automated Biochemistry Analyzer

- 8 filters incl. 700 nm — genuinely broad test coverage
- 150 test parameters with online graphing
- Stores up to 2,00,000 results — audit-ready, always

InnoLab 200

Semi-Automatic Biochemistry Analyzer

- 300 programmable test parameters — grow your menu without buying new hardware
- 7-inch touchscreen your staff will actually enjoy using

Microlab 300

Semi-Auto Clinical Chemistry Analyzer

- Stepper-motor bellows pump — precision dosing, every time
- Elitech Group (France) engineering behind every result

Horiba Yumizen CA60

Semi-Automated Clinical Chemistry Analyzer

- Vertical Overlay Concept Design (VOCD) — compact without compromise
- Durable Multi Array Light System (MALS) for consistent readings

BIOCHEMISTRY — FULLY AUTOMATED ANALYSERS

RANDOM ACCESS · HIGH THROUGHPUT · ISE-READY

DiaSys IS 840

Fully Automated Clinical Chemistry Analyzer

- Random access testing — run STATs without disrupting routine work
- Reliable German engineering, compact benchtop footprint

DiaSys IS 1240

Fully Automated Clinical Chemistry Analyzer

- Higher throughput random access testing for busier labs
- Flexible open reagent system — freedom to choose your reagent supplier
- Made in Germany

DiaSys SYS 2000 ci

Fully Automated Clinical Chemistry Analyzer

- Built for mid-to-large lab volume without the mid-to-large price
- Random access & STAT testing side-by-side
- ISE module option — grow into electrolytes later

DiaSys SYS 680 ci

Fully Automated Clinical Chemistry Analyzer

- High-throughput random access system for reference-lab volume
- ISE integration available
- Reliable German engineering your clients will notice

EuroLab 200

Fully Automated Random Access Medium Throughput Analyzer

- Constant 200 tests/hr even at typical daily workload
- State-of-the-art array optical splitter for consistent accuracy

Selectra Pro S Lite

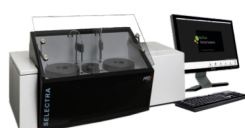

Fully Automated Biochemistry Analyzer

- Fully automated random access — walk away and let it run
- Compact, ISE-ready platform for future expansion

Selectra Pro M Lite

Fully Automated Biochemistry Analyzer

- Fully automated random access system
- Higher throughput for mid-volume labs ready to scale up

Horiba Yumizen C600

Fully Automated Clinical Chemistry Analyzer

- 400 photometric tests/hour — 600 with ISE — genuine reference-lab speed
- Designed for mid-to-high-end laboratories
- Automated sample loading & reagent dispensing

Ozone Biomedicals Csense 280CD

Fully Automated Chemistry Analyzer with Clot Detection

- Automatic clot detection — protects your results from a silent failure point
- System pack reagent design keeps consumable costs predictable

ABOUT PATHOHUB

WHY CHOOSE PATHOHUB

- 15+ years combined team experience in IVD distribution
- 800+ satisfied customers & channel partners across Gujarat
- Authorised distributor for globally leading IVD brands
- Dedicated installation, training & after-sales service team
- Genuine products with full manufacturer warranty
- Prompt reagent & consumable supply chain

PathoHub is an IVD Distributor based at Ahmedabad, established since 2014. Presently the company is involved in distribution of various leading companies of the IVD industry. Our goal is to provide uninterrupted services to our esteemed clients across Gujarat with a highly dedicated team of more than 15 people, serving 800+ customers & channel partners.
